

Ask the following questions and record the answers

Name of person being interviewed: _____

Job Title: _____

Program you are asking about: _____

Question	Answer
What are examples of the supports and accommodations that are offered to students who disclose their disabilities?	
When should a student disclose their disability and request accommodations?	
What information does a student need to share when disclosing a disability?	
How do professors get notified about a student's accommodations?	
One accommodation I receive in high school is _____. Would this accommodation be available at your program?	

Review your interview results and answer the questions below

Post-Interview Reflection

1. What are some of your strengths you can share when disclosing your disability?

2. What accommodations or academic adjustments do you think you may need in a college environment?

3. Are the accommodations you would request in college the same or different than what you received in high school?

4. Do you think you would need to disclose your disability if you were to attend this program? Why or why not?
