Community-Based Instruction

Networking takes time and practice. For this activity you are going to practice reaching out to people and asking them about their career.

Directions: Choose 3 people that you know and feel comfortable reaching out to. Here is a list of people you might want to consider:

- Pre-ETS provider
- Teacher
- Other people that work at your school
- Neighbors
- Family friends
- Classmates
- Coworkers
- Supervisors
- People in clubs you attend

Reach out to each person on your list. Ask them the questions listed and record your answers.

Start the conversation by introducing yourself. Explain that you are learning about networking and have a few questions to ask.

End the meeting by thanking the person for meeting with you.
