

**Instructions: A community resource map is a tool to help identify resources and places in your community where you can get involved and receive support. Review each scenario and choose the best answer.**

1. Jennifer is working with her Pre-ETS provider to create a community resource map. She is planning on using Vocational Rehabilitation (VR) to help her find a job after she graduates. What type of resource is VR?

☐ Employment

☐ Recreation

2. David has found many employment resources to add to his community resource map. David wants to organize his map so he can easily find the phone numbers of all his resources. What can he do to organize them?

☐ Sort his resources by category

☐ Use one category for all resources

3. Ava added the restaurant where she works to her community resource map. What additional information can she add about her job?

☐ Link to her work schedule

☐ Her co-worker's address

4. Brad attended a high school transition fair. He met with Tennessee Center for Decision-Making Support. Brad thinks the center will be a great support when he is making decisions as an adult. What type of resource is Tennessee Center for Decision-Making Support?

- ☐ Advocacy and disability rights resource
- ☐ Employment resource

5. Katie stocks shelves at a local grocery store. The grocery store has a training video on how the store wants its shelves stocked. Katie has watched the video. She wants to keep the video where she can re-watch it. Where could Katie keep the video?

- ☐ Send the video to her friend to save on their computer
- ☐ Add the video using the picture icon feature of her Google My Map

6. Juan has started his job search and found a few companies he is interested in. Juan plans to meet with his VR counselor to talk about applying to these companies. What could Juan do to help him prepare for his meeting?

- ☐ Add the companies to his map
- ☐ Tell his mother the companies he is interested in

7. Sierra starts her new job tomorrow. She is excited but is having trouble remembering how to get to her job. What should Sierra do?

- ☐ Call her new boss and ask for directions 15 minutes before her shift
- ☐ Use her community resource map to help her find the best route

8. Matt uses pictures to help him remember things he needs to do. What type of format should Matt use for his community resource map?

- ☐ Audio recording
- ☐ Picture collage

9. Beth plans to move into an apartment that is close to her job. Beth is going to add the apartment complex to her Google My Map community resource map. Which layer should Beth add the apartment to?

- ☐ Independent living layer
- ☐ Employment layer

10. Steve and Mike decide that they will work together to create their maps. Mike says they should use all the same resources for their maps, but Steve doesn't have the same job interests as Mike. What should Steve do?

- ☐ Create the exact same map as Mike
- ☐ Create maps that meet their individual needs
