

How Do I Find Information About Businesses or Companies?

You are interested in participating in a community experience. Before you participate in a community experience you will want to find information about the business by doing an online search. For this activity, you are going to practice finding information on a business or company you are interested in learning more information about.

Choose 2 businesses or companies that you want to explore.

Business or Company #1:	
Business or Company #2:	

1. Start with a basic online search using a web browser. A few of browsers you might want to use are:

- Google Chrome
- Firefox
- Safari

2. Type the name of the business or company in the search bar and see what information comes up. The official website of the business may come up in your general search. You will want to visit the official business's or company's site to find the following information.

- Phone number
- Address
- Product and services
- Mission statement
- Jobs available
