

A Venn Diagram is a tool that uses overlapping circles to show what is the same and different between two things. In this activity, you will use a Venn Diagram and word bank to identify what is the same and what is different between what you learn during a workplace tour and a job shadow experience.

Example Venn Diagram:

Word Bank

Talk with employees
Whole class can attend
Help students learn about jobs
Can occur for more than one day
Explore job in-depth
Group can ask questions

Comparing a Workplace Tour and a Job Shadow

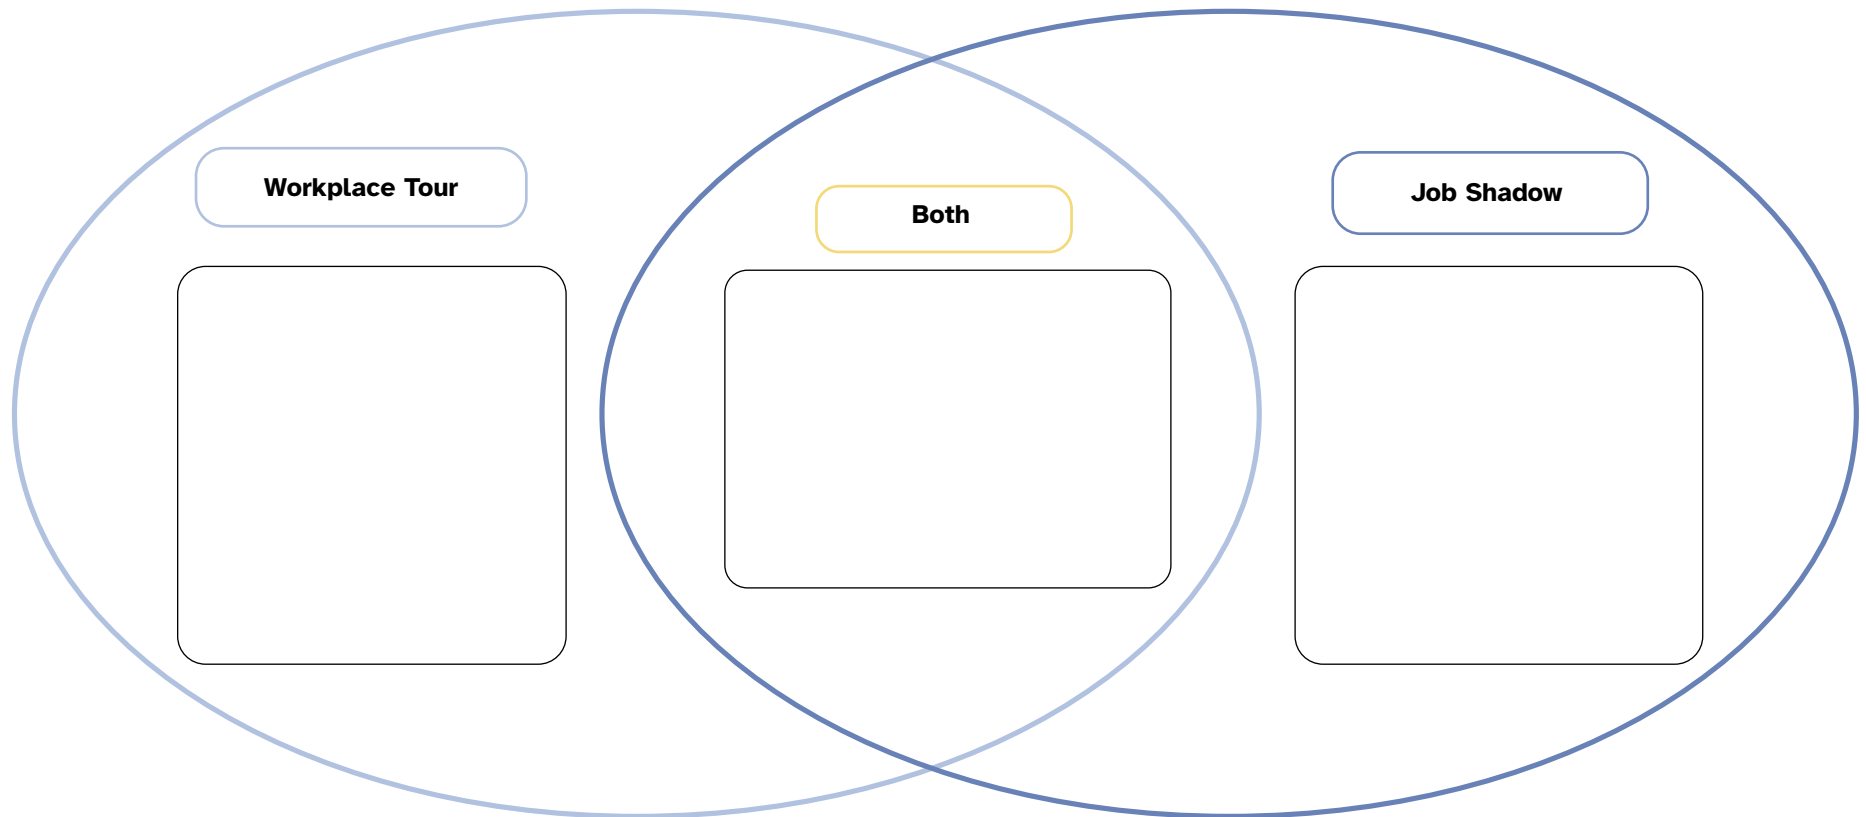

Venn Diagram: Comparing a Workplace Tour with a Job Shadow

Word Bank

Usually lasts 2-3 hours
Usually last a full workday
Groups can attend
Learn about job opportunities
Tour of building or office space
Observe employee working
Ask questions in a group
Ask questions individually
Spend time one-on-one with employee
In-depth look at job tasks
In-person visit

Answer Key
