

TRANSITION SERVICES CHECKLIST

Use this checklist as a guide when identifying transition services for a student. We have also included a section for any additional comments you might have about the student's transition services or next steps to consider.

- My student has transition services included in the first IEP to be in effect when he or she turns 16.
- My student has at least one transition service aligned with each postsecondary goal.
- My student's transition services are based off of their interests, preferences, strengths, and needs.
- My student has transition services that occur in the school.
- My student has transition services that occur in the home.
- My student has transition services that occur in the community.
- I have reviewed my student's transition assessments to help determine appropriate transition services.
- I am clearly documenting all my student's transition activities in his or her IEP.
